

™
fuel for the soul

Wahoo is a brand for life. Whether it's life in the slow lane or at maximum pace. Handcrafted in the UK, the Wahoo range of high-performance luxury ribs has been designed specifically for the superyacht market where nothing is mediocre.

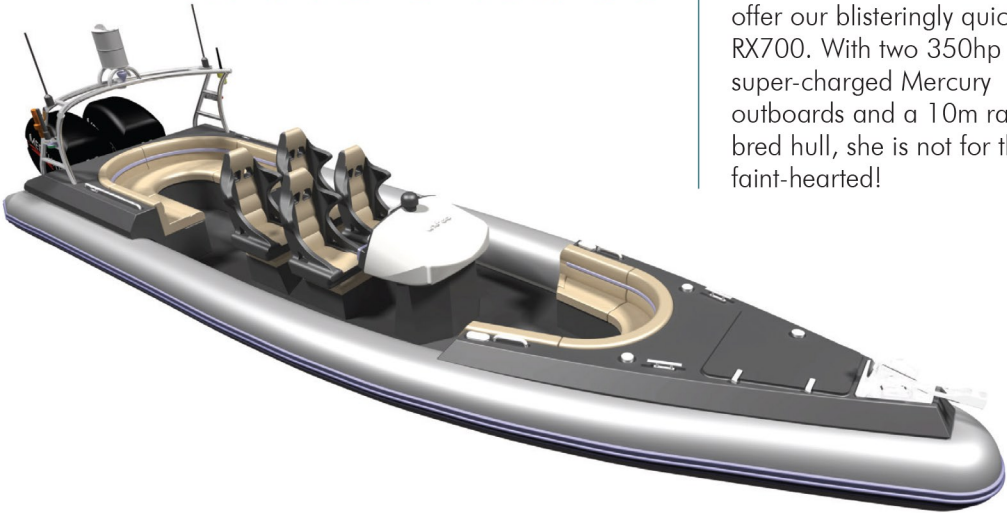

Each model is built upon the race-bred hull designs by the legendary naval architect Lorne Campbell and hand-crafted to the highest standards of comfort and performance.

From a jet-drive 7.4 metre runabout to an "ocean-eating" 700HP grand tourer, we have life at sea pretty well covered.

WAHOO RX700

For those who like to live life in the fast lane, we offer our blisteringly quick RX700. With two 350hp super-charged Mercury outboards and a 10m race-bred hull, she is not for the faint-hearted!

WAHOO RX700

Vital statistics

WAHOO LX600

This is our flagship model - the ultimate grand tourer of the oceans. She's quick, dry, luxurious and ready for action... be it for business or pleasure.

WAHOO LX600

Vital statistics

LOA: 9.45 metres

Beam: 2.8 metres

Engine type: Mercury Verado

Engine detail: 2 x 300hp

Configuration / drive: : Outboard twin

Capacity (people): 12 (inc. helm)

Max speed: 60 kts (approx)

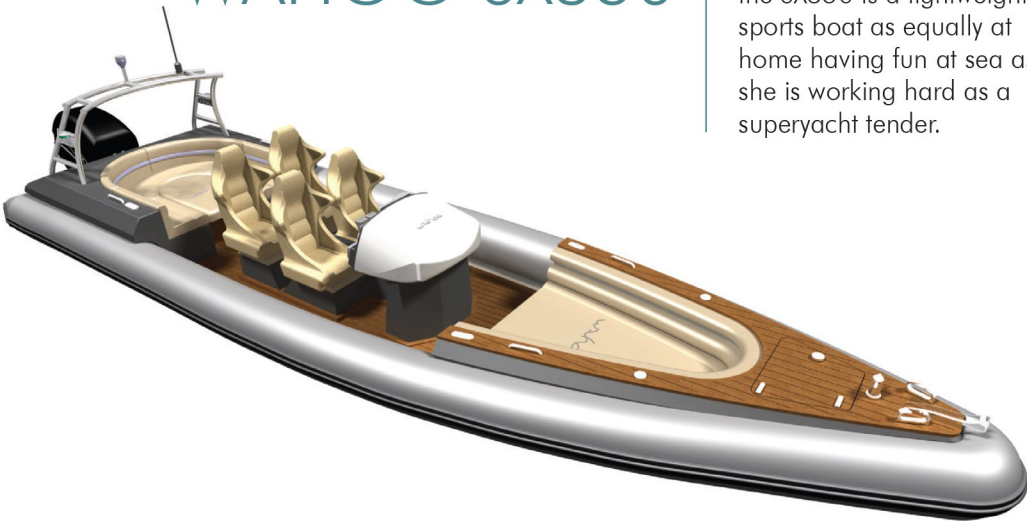

Fuel type / capacity: Petrol 400 ltr

Range: 8hr @ 30 kts

Weight (un-laden): 2,400kg (approx)

WAHOO SX350

Light, agile and elegant, the SX350 is a lightweight sports boat as equally at home having fun at sea as she is working hard as a superyacht tender.

WAHOO SX350

Vital statistics

LOA: 9.45 metres

Beam: 2.8 metres

Engine type: Mercury Verado

Engine detail: 1 x 350hp

Configuration / drive: Outboard
single

Capacity (people): 12 (inc. helm)

Max speed: 55 kts (approx)

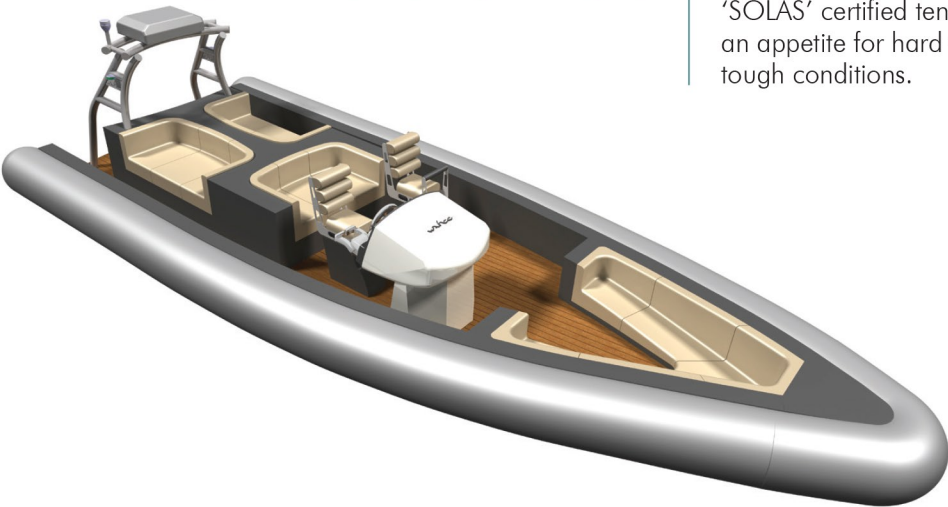

Fuel type / capacity: Petrol 400 ltr

Range: 10hr @ 30 kts

Weight (un-laden): 1,900kg (approx)

WAHOO SP450

Fashioned on contemporary lines, the SP450 is a 'SOLAS' certified tender with an appetite for hard work in tough conditions.

WAHOO SP450

Vital statistics

LOA: 8.5 metres

Beam: 3.3 metres

Engine type: Bukh

Engine details: VGT 450

Configuration / drive: Inboard

Hamilton Jet Drive

Capacity (people): 14 (inc. helm)

Max speed: 40kts (estimate)

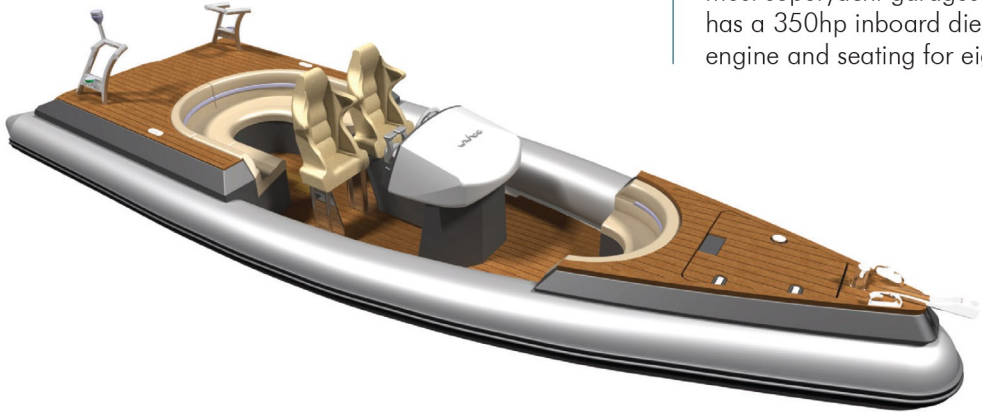

Fuel type / capacity: Diesel 400 ltr

Range: TBA

Weight (un-laden): TBA

WAHOO IX350

The IX350 has all the style and grace of her big sisters but, at 8m, is short enough to fit into most superyacht garages. She has a 350hp inboard diesel engine and seating for eight.

WAHOO IX350

Vital statistics

LOA: 7.95 metres

Beam: 2.8 metres

Engine type: Yanmar

Engine detail: 350 - 370hp

Configuration / drive: Inboard
outdrive

Capacity (people): 10 (inc. helm)

Max speed: 45-40 kts (estimated)

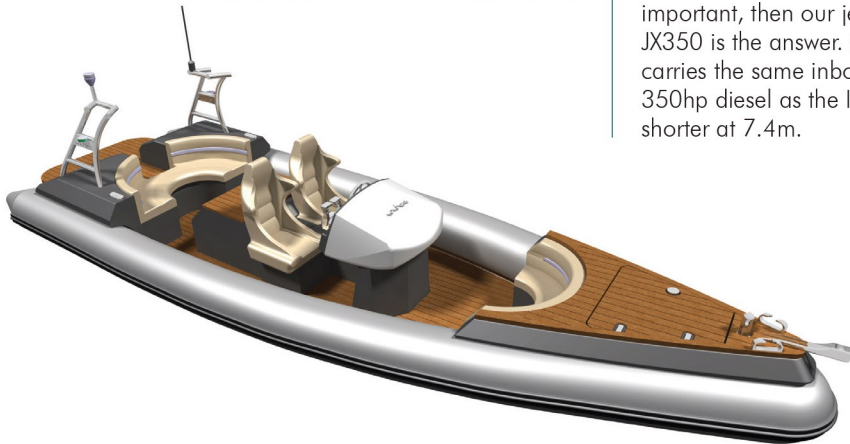

Fuel type / capacity: Diesel 300 ltr

Range: TBA

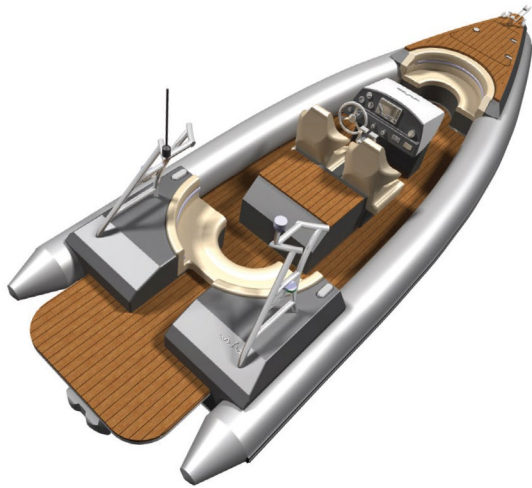

Weight (un-laden): TBA

WAHOO JX350

If low water navigation and manoeuvrability are important, then our jet-driven JX350 is the answer. She carries the same inboard 350hp diesel as the IX but is shorter at 7.4m.

WAHOO JX350

Vital statistics

LOA: 7.4 metres

Beam: 2.8 metres

Engine type: Yanmar

Engine detail: 350-370hp

Configuration / drive: Inboard

Hamilton jet drive

Capacity (people): 8 (inc. helm)

Max speed: 35-40 kts (estimate)

Fuel type / capacity: Diesel 300 ltr

Range: TBA

Weight (un-laden): TBA
